VALUABLE PLANTATION AND OTHER LANDS FOR SALE. In accordance with the will of the late Samuel Eborn, the Subscribers offer for Sale that Large and Valuable Farm, situated in the lower part of Beaufort County, on which said deceased lived and died. It is well known as the former residence of Hon. Henry S. Clark, and as one of the finest Farms in the State. It contains EIGHT HUN-DRED ACRES OF LAND, Five Hungred Acres of which are Cleared and in good farmer-like order. Of the Cleared Land, about One Hundred Acres are what is denominated good Upland, suitable to Cotton, Ground Peas and Cow Peas, Sweet and Irish Potatoes, Turnips and Root Crops in general, Wheat, Oats, Beans, Horticul ure and Fruit. The remaining Four Hundred Acres of Cleared Land is rich State, and it is easily cultivated. We believe that in natural fertility of soil, durability, and in number of bushels of grain produced by the acre, this land will not suffer in comparison with any in the State. The splendid crop now upon it justifies, in our opinion, this assertion. The overseer believes that the present crop of corn on the swamp land will yield, when gathered, from fifteen hundred to two thousand barrels Of the Uncleared Land, most of it is rich Swamp, as good as that which is cleared, with a heavy swamp growth upon it, and easily drained. Underlying the whole of this and address swamp land, cleared as well as uncleared, is a rich Marly Subsoil, giving, as experience on this farm proves, great durability to the land. This land is not liable to freshets. It is within a mile of Pungo River and Pantigo Creek, and A twenty-eight miles from Washington on the main public road leading from that town to Hyde County. Sea vessels load and unload within a mile of the premises, thus rendering the surplus products of the farm easy of exportation to the best markets of the country. The waters of Pungo and tributaries yield fish in abundance. It is a first-rate range for stock, especially for hogs and cattle, in winter as well as
